

Professional Coaching Staff

All of our programs are taught by professional and dedicated coaches, certified through NCCP and Skate Canada. Private, semi-private and small group lessons can help skaters advance at a faster pace, prepare for Skate Canada Tests, learn choreographed routines for competitions and add to their enjoyment of skating. Lessons can be booked during STARSkate sessions or during Sunday Practice Time. Scheduling and payment of lessons is arranged between the skater's parents and the coach.

CanSkate

This learn to skate program has been designed by Skate Canada to teach the fundamental moves of skating. Skaters are grouped by both age and ability, and recognized with a series of ribbons and badges for mastering the Balance, Agility and Control skills at each of the six badge levels. Please check the website (or our club bulletin board) for a complete list of skills. This program prepares children for hockey, figure skating or just skating for fun with family and friends.

For safety, gloves (or mittens) and a CSA approved hockey helmet (with face cage for beginners) are mandatory. All skaters must wear guards (trimmed to fit the skate blades) when off the ice, unless walking on rubber mats. Even a few steps on concrete will ruin the edges of your skate blades. We recommend skates that lace up, rather than those with buckles or velcro.

Parent & Tot – for children who would benefit from having a parent on the ice. The fee for the child is the same as a CanSkate session. The accompanying parent must know how to skate, wear skates and purchase only a Skate Canada membership (\$65.00).

At the Arena – When you arrive, please check in at the table in the lobby for attendance. The TV monitor above the door will have the change room schedule. It is best to use the change rooms as the floor is rubber. The coaches will help the children get safely on to the ice and to their groups. The colour dots on the name tags indicate their groups. At the end of the session the coaches will collect the name tags.

Fee:	Lessons	\$335.00
	Skate Canada	\$ 65.00
	Admin Fee	\$ 25.00 (per family)

Our club offers a **family discount** – *the first two children are full price, additional children pay half price on the lesson fees of their registration.*

Figure Skating Academy & STARSkate

This program for skaters who are interested in figure skating and have passed at least CanSkate Badge 2. The Figure Skating Academy is designed to be in addition to a CanSkate session (but as a second program, it will be half price) and will focus on skills and techniques that skaters need for figure skating (spins, jumps, footwork etc). Skaters in this program must wear figure skates and we ask that hair be neatly tied back and that skaters wear tights, leggings, track pants etc. – no jeans!

Skaters who have passed CanSkate Badge 5, and are interested in figure skating may sign up for STARSkate group lessons. For safety and effective skill development, skaters in Badge 6 are grouped with those in STAR1 and STAR2.

The early Sunday session and later Tuesday and Thursday sessions are reserved for skaters who have completed all of STAR2 and are working on STAR3 or higher.

Each STAR3 and up session includes a 15 minute group lesson
The following off-ice programs are included at no charge:

Sunday	12:20-12:50	STAR3 and up
	1:50 - 2:05	Academy & STAR
Thursday	5:50 - 6:20	Badge 6 & STAR

Fees:
